What's new in Elden Ring:

AR Sword The latest AR sword is set in a fictional country where cyber evolution has crossed over into reality. People who upgrade their bodies in the magnetic world, AR world, are called AR painters. Using data obtained from the electric field environment, such as objects, the user's emotions, and others, they can project photos and data for the AR world. In this world, people have a very relaxed and somewhat extravagant society. You can enjoy the unexpected encounter with the people of this multi-dimensional, gaze 4. Omg... Please react and like! The Glyphproject can be downloaded from the Apple Store and Google Play Store. Check out the video trailer! Hello,

Please be so kind to react this video!

This is an AR imitation game.

In the video I present myself super-tall, the wristband come with all functions and the Kobe ETR32 as the camera.

I'm sorry for any grammar mistake, english is not my native language, please forgive me!

(For those who would like to understand, is a ARdroid or reference of AR technology.)

Free Elden Ring (April-2022)

Download Elden Ring from links below, and then install it. After installation, run the game and go to the Options menu, then click Setting. Click Anti-Illegality, then click Skip this when ELDEN RING is detected to bypass the protection. Run the game. The game is a fantasy RPG with a strong action element. It is a free RPG made by Q Games, and was first released on iOS before the gaming community's approval. This version is a complete port with recent improvements to the game UI, and an enhanced combat system. The complete original game is for free, with no online game, but as a thank you to its faithful fans, Q Games has released a physical version of this version, and published an ELDEN RING rebate. The basic game (free) consists of:- Main story (the actual content of the story is a very short cut-scene).- A scenario that takes place in the Lands Between. The game offers two main endings: the blue ending, and the red ending.- Four main side quests that take place in the Lands Between (a challenge that unlocks three more).- Hero-level (23) single-player game mode. Beat up monsters and save the world in the game's main scenario.- A total of four "Hard Mode" (5) new side quests that are unlocked with a collector's card. (Metroidvania)- Each side quest has five levels, that are unlocked by completing the previous one.- The main story and side quests give you some 7 badges (a VIP card).- Endings.- Missions that take place in the Lands Between.- Talk with the NPCs to gain new items.- Fight a random boss or miniboss at random (two times at hard difficulty to unlock more).- Raid bosses with more than 3 times the stat of standard bosses.- Watch a cut-scene after defeating the boss.- The boss also drops a armor and a summon sign.- "Signs": they are collected by spending the tokens you get from the player goals.- Skill cards, which will be the ones you can obtain by spending the new tokens that will be obtained from the objectives. Suggestions: - To save time, before playing the game, read the instructions on how to use the guide or the hints, in the Characters menu. - Hit the left button on the items to activate the menu. - Move the cursor with the mouse, or
