Forge a new world with the power of the Elden Ring Torrent Download! Tarnished, the last of the Elden, is seeking a new home. Those who follow in Tarnished's footsteps will follow his lead into an uncharted world full of danger. Will you answer the call of destiny? In order to move forward, you must fight! AN INTRODUCTION TO THE VISION OF DYALINE. ● The Lands Between An Elden's soul is stifled by wars and pain. The Lands Between is a land where memories of a worn-out Elden are as fresh as yesterday. The Lands Between is the floating of an Elden's soul, and is filled with countless opponents. ● A New Battle A new battle starts here. In the midst of eternal war, all battles should be open to change. The power of you and your friends is the power that can change the world. The War of the Elden and the Kingdom of Gallo are engulfed in a ferocious battle with thousands of soldiers on both sides. This battlefield is the last chance to secure victory. The lands that have been ravaged by war are covered in snow. As long as this lasts, the two sides will fight without ceasing. Join us to make a change! WHAT'S DYALINE? NON-RELEASE INFORMATIONQ: CSS floats not working as expected I am trying to do some fluid layouts using CSS. However, it seems that when I float something, the layout isn't taking on the settings. For example: ... And the CSS: #container{ margin:0 auto; width:600px; height:100px; background-color:#F00; } #header{ height:20px; width:600px; background-color:#0F0; float:left; } #navigation{ width:600px; height:100px; background-color:#0FF; float:left; border-bottom:2px solid black; } .content{ margin-right:100px;
